ICSLT 2022
Rome, Italy | June 10-12, 2022
2022 8th International Conference on e-Society, e-Learning and e-Technologies

ICSLT is the main annual E-science-related conference aimed at presenting current research being carried out. The idea of the conference is for the scientists, scholars, engineers and students from the Universities all around the world and the industry to present ongoing research activities, and hence to foster research relations between the Universities and the industry. This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration.
